January 5

February 2

March 1

April 5

May 3

June 7

This orientation provides an overview of the CAC certification process. It is helpful to view the DORA website: www.dora.state.co.us/mental-health prior to attending so that you will be prepared to ask questions about the process.

CAC I Classes

Addiction Counseling Skills

21 hours/ 3 days

8:30 a.m. - 5:00 p.m.

\$180.00

January 30 - February 1

March 7-9

April 10-12

June 18-20

This basic counseling skills class teaches a client-centered, counselor-directed model using a motivational style. The training is designed to provide counselors with a framework for working with clients with substance use disorders. The counselor will experience and learn the counseling skills to support the client to move through identifying and changing

behaviors.

Videotaping and feedback will assist the participants in developing a standard level of counseling skills proficiency.

Client Record Management

14 hours/2 days

8:30 a.m. - 5:00 p.m.

\$140.00

January 23-24

April 2-3

This class is designed to provide the counselor with an understanding of a clinical record. This class will include an introduction to diagnosing substance abuse and dependence using the DSM IV TR. It will also include an introduction to the ASAM Patient Placement Criteria.

Participants in this training will learn how to properly document for the clinical record including intake documents and interpretative summaries; the use of screening and assessment instruments; releases of information; treatment plans; progress notes; and discharge summaries.

Principles of Addiction Treatment

21 hours/ 3 days

8:30 a.m. - 5:00 p.m.

\$180.00

February 22-24

May 29-31 **NEW DATE!**

This training presents the history and

theories of addiction, the competencies required of an addiction counselor and scope of practice, and the NIDA principles of effective treatment. There will be an exploration of current evidence-based practices, addiction counselor certification and licensure in Colorado and levels of care offered for addiction treatment as well as certification requirements and professional readiness for addiction counselors.

Professional Ethics I: Ethics and Jurisprudence

New Name Same Class

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
February 13-14
June 27-28

This class focuses on ethical practice in counseling clients with substance use disorders and other behavioral disorders. It includes an overview of ethical decision making models, confidentiality, code of ethics and the federal confidentiality regulation 42 CFR, Part 2. The Colorado Mental Health Practice Act will be discussed to include disciplinary procedures, prohibited activities and the role of the Department of Regulatory Agencies.

Culturally Informed Treatment

Formerly Diversity in Treatment Populations

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
June 14-15

This class provides an introduction to aid the counselor in working with culturally diverse individuals, explores barriers to treatment and recovery, and presents recommended treatment approaches for diverse populations. The importance of cultural diversity as a factor in substance use disorder treatment will be discussed and cultural competency will be defined. This class will provide an opportunity for the student/participant to explore their attitudes and beliefs regarding working with various cultural groups.

Infectious Diseases in Addiction Treatment

New Name Same Class

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
May 22-23

In this training, the focus will be on the complex relationship between the client's drugs of choice, lifestyle choices, and physiological health. Discussions will include immune system health, liver function, harm reduction and specific diseases such as HIV and hepatitis. Strategies will be presented for screening to determine level of risk, referral, and education about disease prevention and treatment.

Pharmacology I

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
March 12-13

Training in pharmacology is a cornerstone of addiction counseling and a major part of what differentiates the professional field of addiction counseling from other mental health disciplines. This class will provide a solid base of knowledge about the drugs of abuse including what is happening in human physiology and behaviors.

CAC II Classes

Professional Ethics II

Pre-requisite is Professional Ethics I

14 hours/2 days
8:30 a.m. - 5:00 p.m.
\$140.00
May 7-8

This class will provide participants with a comprehensive introduction to ethical and risk management issues related to addiction treatment and services. It will focus on three key topics: 1) ethical dilemmas encountered by addiction professionals with the use of case studies; 2) ethical decision-making strategies; and 3) risk management concepts designed to prevent ethics complaints and ethics-related lawsuits pertaining to professionals' handling of confidential information, informed consent, boundary issues and dual relationships, conflicts of interest, service delivery, supervision, consultation, referral and termination of services.

Motivational Interviewing

Pre-requisite is Addiction Counseling Skills

21 hours/ 3 days
8:30 a.m. - 5:00 p.m.
\$180.00
February 27-29
June 4-6

Motivational interviewing is an evidence-based practice with widespread use in addiction counseling and is considered to be crucial to the development of counseling skills for this population. The class will focus on learning the motivational interviewing model. In this training, participants will learn the model of stages of change, the tools for creating an environment where positive change can occur, and practice of the skills. Videotaping and feedback will assist the participants in developing a standard level of counseling skills proficiency in MI.

Cognitive Behavioral Therapy

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
March 15-16

CBT is an evidenced-based treatment and is foundational to the addiction treatment field. Participants will learn the theoretical foundations of CBT and how to incorporate CBT skills in a comprehensive treatment strategy that includes intake, assessment, case conceptualization, treatment planning, and therapy. Counselors will

learn and practice effective ways to utilize the tools specific to CBT with their clients.

Group Counseling Skills

21 hours/ 3 days
8:30 a.m. - 5:00 p.m.
\$180.00
May 14-16

This experiential training covers the process of change as it relates to the dynamics of an effective group experience and the qualities of group facilitation. Models of group therapy, the use of observation and feedback, group relational experience, and cultural diversity within groups will be discussed and experienced in classroom group exercises. Videotaping feedback may be used.

Pharmacology II

Pre-Requisite: Pharmacology I

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
April 23-24

Pharmacology II will explore the influence of contextual variables on addiction and recovery from a neuropsychological and cultural framework. Functional changes to the brain and the brain's ability to recover after exposure to drugs of addiction and other behavioral addictions, medical problems associated with substance abuse, and the use of pharmacological assists in recovery will be discussed.

Clinical Assessment and Treatment Planning

Pre-Requisite: Client Record Management

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
February 6-7

Participants in this clinical assessment and treatment planning class learn how to conduct effective and appropriate screenings and assessments using a biopsychosocial approach. This will include identifying problem domains, cultural needs, diagnostic impressions, strengths and supports among others. There will be an emphasis on assessment for co-occurring disorders. The basics of treatment planning will be reviewed and practice will include creating a treatment plan for a client with a co-occurring mental health and substance use disorder.

Co-Occurring Disorders

Pre-Requisite: Clinical Assessment & Treatment Planning

14 hours/ 2 days
8:30 a.m. - 5:00 p.m.
\$140.00
May 1-2

For the purposes of this class, co-occurring disorders refers to co-occurring substance use and mental health disorders. The class will focus on the interrelationship of these disorders and the differing needs of this population group. The class is structured to meet the needs of addiction counselors to aid in coordi-

nating integrated treatment services to more effectively treat the whole person. It will discuss three types of substance abuse programs: addiction only services, dual diagnosis capable, and dual diagnosis enhanced. Evidence-based treatment approaches with co-occurring disorders will be presented along with elements of treatment planning, importance of diagnosis and the use of medications to enhance treatment. The primary resource is SAMHSA TIP 42 "Substance Abuse Treatment for Persons with Cooccurring Disorders."

Trauma Informed Care with Diverse Populations

14 hours/2 days
8:30 a.m. - 5:00 p.m.
\$140
FEBRUARY 20-21 NEW DATES

This class will introduce the counselor to the concept of trauma-informed care, an approach that is being adopted more frequently within the human services fields based upon an increased awareness of the ways in which trauma impacts functioning. It will describe and define what trauma informed care is and ways in which a traditional treatment setting can be modified to increase the sense of safety experienced by consumers.

Students will learn how to incorporate trauma-informed practices into treatment with diverse populations, such as military veterans, women, people with co-occurring disorders and other groups.

CAC III Classes

Clinical Supervision I

21 hours/3 days
8:30 a.m. - 5:00 p.m.
\$200.00
January 11-13

This training is designed to help a counselor learn the models of supervision and tools necessary to use as a standard of supervision practice. In this course the counselor will be exposed to supervision that is tailored to the supervisee's developmental level of experience.

Ethical supervisory practices, including supervision contracts and work verification practices, will be discussed. Videotaping and feedback will assist the counselors in developing a standard level of supervisory skills proficiency.

Advanced Motivational Interviewing

Pre-requisite: Motivational Interviewing

14 hours/2 days
8:30 a.m. - 5:00 p.m.
\$180.00
March 26-27

This advanced training will serve as a booster session for Motivational Interviewing skills for the counselor as well as introducing advanced motivational interviewing skills including strategic use of MI, ethical quandaries, resistance skills, basic coding skills, elicitation of change talk, de-

veloping change plans and deepening commitment language.

Clinical Supervision II

Prerequisites are both Advanced Motivational Interviewing and Clinical Supervision I

14 hour/2 Days
8:30 a.m. - 5:00 p.m.
\$180.00
May 17-18

Clinical supervision II is designed to reinforce the motivational interviewing skills of the supervisor through the use of the MIA:STEP process. MIA:STEP (Motivational Interviewing Assessment: Supervisory Tools for Enhancing Proficiency) will be utilized as a format of supervision. Specialized techniques, coaching, coding, teaching, and use of video or audio in supervision will be discussed. May use videotaping of practice sessions.

Professional Practice

7 hours/1 day
8:30 a.m. - 5:00 p.m.
\$75
June 11

This training will focus on administrative supervision, organizational issues, DBH-licensed treatment agency requirements, challenges of the current treatment environment, confidentiality concerns, measuring performance treatment outcomes, role of program director, policies and procedures and other topics to be determined. In addition, the expectations of the addiction professional interacting with other mental health

professionals in treatment settings as well as in the community will be explored.

Professional Development

Turning Point is now offering courses that can be used to meet the new Continued Professional Development Hours (House Bill 09-108) requirement for mental health professionals.

As per the DORA guidelines, 40 hours of professional development are required each 2-year cycle and will be needed to renew your credentials in August 2013. Requirements can be met through a variety of methods. A total of 20 hours may be accrued through coursework.

Below are classes to help you meet this requirement.

Trauma Informed Care with Diverse Populations

14 hours/2 days
8:30 a.m. - 5:00 p.m.
\$140
FEBRUARY 20-21 NEW DATES

This class will introduce the counselor to the concept of trauma-informed care, an approach that is being adopted more frequently within the human services fields based upon an increased awareness of the ways in which trauma impacts functioning. It will describe and define what trauma informed care is and ways in which a traditional treatment setting can be modified to increase the sense of safety experienced by consumers.

Students will learn how to incorporate trauma-informed practices into treatment with diverse populations, such as military veterans, women, people with co-occurring disorders and other groups.

Motivational Interviewing

Pre-requisite is Addiction Counseling Skills

21 hours/ 3 days
8:30 a.m. - 5:00 p.m.
\$180
February 27-29

Motivational interviewing is an evidence-based practice with widespread use in addiction counseling and is considered to be crucial to the development of counseling skills for this population. The class will focus on learning the motivational interviewing model. In this training, participants will learn the model of stages of change, the tools for creating an environment where positive change can occur, and practice of the skills. Videotaping and feedback will assist the participants in developing a standard level of counseling skills proficiency in MI.

Advanced Motivational Interviewing

Pre-requisite: Motivational Interviewing

14 hours/2 days
8:30 a.m. - 5:00 p.m.
\$180
March 26-27

This advanced training will serve as

a booster session for Motivational Interviewing skills for the counselor as well as introducing advanced motivational interviewing skills including strategic use of MI, ethical quandaries, resistance skills, basic coding skills, elicitation of change talk, developing change plans and deepening commitment language.

Person-Centered Communication Skills for the Helping Professions

7 hours/ 1 day
8:30 a.m. - 5:00 p.m.
\$70
March 28

This course will give helping professionals a map toward a deeper understanding of Carl Rogers' ideas about communication. It will include hands on exercises to practice effective listening and assertiveness skills based on Humanistic principles. Participants will take with them a new understanding of themselves and those they work with as well as skills to be able to express that understanding.

Loss & Transitions

14 hours/2 days
8:30 a.m. - 5:00 p.m.
\$140
April 26-27

Transitions and losses are universal human experiences. In substance abuse work it is common to find that loss is a core issue. This course will be of interest to anyone who wants to explore this topic and feel more comfortable with it on a personal and

professional level. Group discussion and experiential exercises will be an integral part of the class.

Slow Down & Breathe Health & Wellness

14 hours/2 day
8:30 a.m. - 5:00 p.m.
\$140
May 10-11

This workshop provides an opportunity for helping professionals to enjoy a relaxed learning atmosphere while acquiring valuable professional and personal skills. The experiential format offers self-care strategies for reducing personal stress and burn-out. All techniques can be used in a variety of treatment settings with a range of clients including those with substance abuse issues.

Professional Practice

7 hours/1 day
8:30 a.m. - 5:00 p.m.
\$75
June 11

This training will focus on administrative supervision, organizational issues, DBH-licensed treatment agency requirements, challenges of the current treatment environment, confidentiality concerns, measuring performance treatment outcomes, role of program director, policies and procedures and other topics to be determined. In addition, the expectations of the addiction professional interacting with other mental health professionals in treatment settings as well as in the community will be explored.

Understanding Substance Abuse Workshop Series

This series of workshops is open to families and professionals who want to know more about substance use and how to deal with the complicated abuse issues that often arise. .25 CEU will be available for each workshop. Sessions can be attended individually or as an entire series.

February 22 February 29
March 7 March 21
5:00 p.m. -7:30 p.m.
\$39.00 per session

To register go to www.frontrange.edu/continuingeducation or call Laurie Rue 970-204-8686

Front Range Community College
Prospect Rd. Campus
1501 Academy Court, Room PR4

Recognizing Addiction February 22

2.5 Instructional Hours
This introductory workshop will focus on defining substance abuse and addiction as well as helping participants understand how to identify symptoms and the development of addiction and abuse. Common myths regarding addiction will also be discussed.

Understanding Street Pharmacology February 29

2.5 Instructional Hours
What drugs are today's youth experimenting with? What are the current substance abuse trends? Learn what

drugs are on the streets and how families and professionals can help their children understand the risks. Get answers to these questions and much more about the complex problem of current substance use and abuse.

Tough Talk
March 7

2.5 Instructional Hours

With substance abuse prevalent in today's society, talking about it with the people in our lives can be very challenging. This workshop will guide families and professionals when faced with a need for such a conversation. Participants will discuss what to say and practice how to say it along with exploring additional resources and support.

Slow Down and Breathe
March 21

2.5 Instructional Hours

If you're in the business of caring for others, you know just how important it is to take care of yourself as well! This workshop will provide an experiential format for understanding signs of stress and burnout. Participants will explore some of the many self-care strategies for recognizing and reducing personal stress in addition to developing some techniques that can bring more quiet and calm into your daily routine.

Community Training Center Instructors

Kim Bappe, LCSW, LAC

Ms. Bappe serves as Clinical Director at Turning Point and holds a Master's Degree in Clinical Social Work from University of Denver. She has worked in the human service field for 20 years in a variety of settings including psychiatric, residential, day treatment and independent living. 16 of these years Ms. Bappe has been a manager/director and trainer in crisis management, de-escalation techniques, Experiential Therapy, gender specific programming and substance abuse treatment.

Gwen Bell, MA, CAC III

Ms. Bell has worked extensively with children and families in the field of health and wellness education. She completed her undergraduate degree in Human Development and her Master's Degree in Transpersonal Psychology. She is certified as an Addiction Counselor III and a Clinical Biofeedback Therapist. For over 20 years, Gwen has worked, played, volunteered and raised a family in the Fort Collins community. She is currently the Director of the Training Center and Internship Program at Turning Point.

Darrick Hildman, MA

Darrick Hildman has a passion for improving our world through better communication. He has a Bachelors in Communication Studies and a Masters in Training and Development. He has been trained in mediation, facilitation and Nonviolent Communication and has experience in addiction counseling, restorative justice, and public deliberation. When it comes to teaching he believes in the saying, "Tell me and I will forget. Show me and I may understand. Involve me and I will learn."

Melissa Jeffryes, LPC, LAC

Ms. Jeffryes holds a Master's Degree from University of Northern Colorado in Agency Counseling. She has worked in the human service field and specifically in substance abuse treatment for over 15 years. Melissa has been a trainer for 5 years in crisis management, conduct disorder and substance abuse treatment. Melissa is currently the Program Director for the Female Residential Program at Turning Point.

Mita M. Johnson, LPC, LMFT, LAC

Mita Johnson has a B.S. in Biology and a Master's in Counseling Psychology, and has been counseling for over 20 years in a variety of private and clinical settings. In addition to having her own private practice, Mita supervises interns working on licensure or certification. For the last 6 years, Mita has enjoyed offering addiction certification training all over Colorado.

Joshua Leber, MJA, MPA, LAC, NCAC II, CCJTS

Mr. Leber holds a Master's Degree from Norwich University in Justice Administration and graduated Cum Laude with his Master's Degree in Public Administration. He is currently attending Walden University completing his Doctorate of Education. He is a Licensed Addiction Counselor in Colorado and a National Certified Addiction Counselor II through NAADAC. He holds a Clinically Certified Juvenile Treatment Specialist credential through the American College of Certified Forensics Counselors. He has over 6 years of experience working with clients in residential, outpatient, transition, and substance abuse services. He is currently the Program Coordinator of Education and Quality Assurance at Turning Point's Waverly School.

Wendy Lee, LCSW, LAC

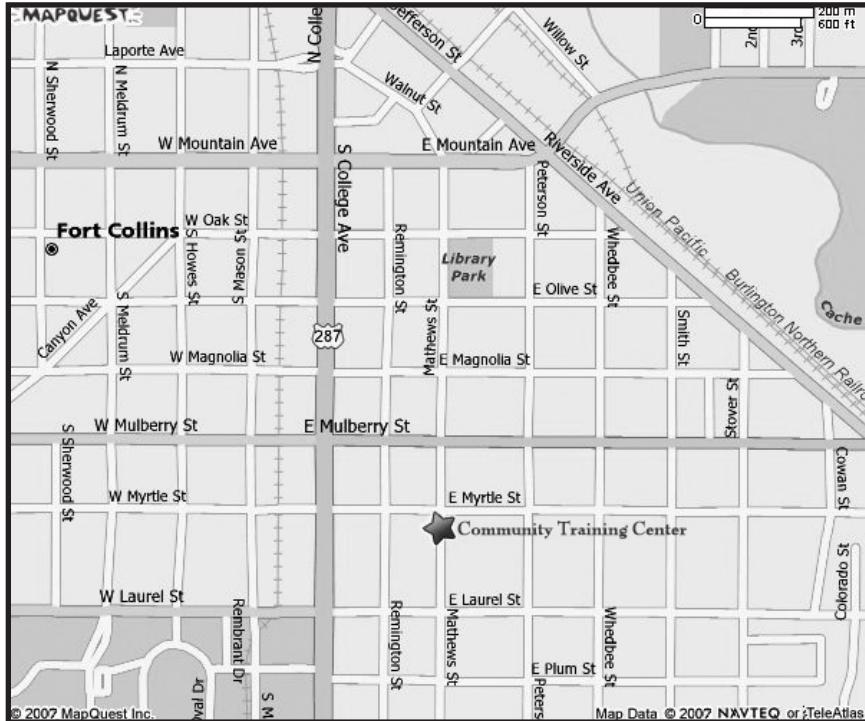

Ms. Lee holds a Masters degree in Social Work from Colorado State University. She has been at Turning Point for more than 15 years working with adolescents dealing with behavioral health and substance abuse issues. She is currently the Program Director for the Male Residential program at Turning Point.

Tamra Meurer, MSN, NP, RN

Ms. Meurer is a Family Nurse Practitioner and practices in the Fort Collins community. She has been an RN for the span of her career and thoroughly enjoys teaching. She strives to make her classes fun as well as informative. Her main goal is to meet the learning objectives of her students and she will work with students on an individual level as needed. In addition to teaching the QMAP course, she is an associate professor at the University of Northern Colorado in the School of Nursing on a part-time basis. She also owns and operates a small assisted living home in Fort Collins.

Directions to The Community Training Center

All classes are held at 614 South Mathews Street in Fort Collins. From I-25 exit Mulberry Road (Highway 14) west to Mathews Street. Turn South onto Mathews (if you hit Remington you have gone one block too far.) The Training Center is one block south of Mulberry at 614 Mathews Street (tan brick building.)

Turning Point's Administration Office

All payments and registrations are handled by Turning Point's Administration Office located at 1644 S. College Avenue in Fort Collins. The office is located just south and east of the intersection of Prospect and College at the corner of College and Parker.

Community Training Center Class Registration & Payments

Please provide contact information where you can be easily reached to confirm your registration or make a last minute location change or cancellation.
